ZOLLER Corporate Policy

01 INTRODUCTION

E. ZOLLER GmbH & Co. KG I Einstell- und Messgeräte is committed to the continuous improvement of its processes and products in accordance with the requirements of DIN EN ISO 9001 (Quality Management), DIN EN ISO 14001 (Environmental Management), and VDA 6.4 (Quality Management in the Automotive Industry). Our corporate policy aims to ensure the highest quality standards, promote environmentally friendly practices, and support sustainable development.

02 QUALITY

Customer Satisfaction: We are committed to exceeding our customers' expectations. Through regular feedback loops and close collaboration with our customers, we ensure that our products and services meet the highest quality standards.

Process Optimization: We strive for continuous improvement of our processes through training, audits, and the implementation of best practices. We view mistakes as opportunities for improvement.

Employee Engagement: Our employees are the heart of our company. We foster a culture of commitment, accountability, and personal responsibility with regard to quality.

03 ENVIRONMENT

Conservation of resources: We are committed to using resources efficiently and minimizing waste. Whenever possible, we prioritize recycling and reuse.

Energy Efficiency: We strive to reduce our energy consumption and use renewable energy sources to minimize our environmental footprint.

Environmental Protection: We comply with all relevant legal regulations and official requirements and go above and beyond to prevent negative environmental impacts. This also includes training our employees in environmentally conscious practices.

04 SUSTAINABILITY

Long-term perspective: Our actions are guided by long-term sustainability goals. We integrate environmental, social, and economic considerations into our business strategies.

Supply Chain: We work exclusively with suppliers who share our values regarding quality, environmental awareness, and social responsibility.

Innovation: We invest in research and development of new technologies and processes that both improve the quality of our products and are more environmentally friendly.

05 CODE OF CONDUCT

E. ZOLLER GmbH & Co. KG I Einstell- und Messgeräte views responsible conduct (which we define as ethical, impeccable, and lawful) as an integral part of our corporate culture – toward our customers, business partners , stakeholders, and our employees.

06 INFORMATION SECURITY

Availability: E. ZOLLER GmbH & Co. KG I Einstell- und Messgeräte guarantees that information and systems can be used reliably at all times.

Confidentiality: Information may only be accessed by authorized individuals.

Integrity: E. ZOLLER GmbH & Co. KG I Einstell- und Messgeräte ensures that data is complete, accurate, and up to date.
